The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Claims 9-16 are rejected under 35 U.S.C. 103(a) as being unpatentable over
Arcadi references (1986) and (19⁹⁰) of record for the reasons fully set forth in Paper No.
14, page 2.

Applicant's remarks about the intended application of the pharmaceutical compositions are noted. The intended use limitation does not render the composition unobvious. See *In re Skones*, 186 USPQ 80 (CCPA 1995); *In re Kaln* 154 USPQ 10 (CCPA 1967); and *In re Halley* 132 USPQ 16 (CCPA 1961), which are directly on point.

Therefore a showing over the prior art pharmaceutical composition is needed.

Claims 20-24 and 28 are rejected under 35 U.S.C. 103(a) as being unpatentable over the Bernal et al. reference of record for the reasons fully set forth in Paper No. 14, page 3.

Applicant's remark about the first Dr. Jones declaration is noted but said declaration is ~~noted but said declaration~~ is directed to treating only prostate cancer and not other carcinomas. (note Paper no. 12, page 3, paragraph no. 11).

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
